

## Safety Data Sheet According to 91/155 EEC

Printing date: : 07.11.2007

Reviewed on : 12.02.2008

### 1 Identification of the substances/ prepared and of society/firm

#### · Product details

· **Trade Name: LITOKROM STARLIKE - (PART A)**

**Application of the substances/ the preparation:** Two-part epoxy mortar

#### · **Manufacturer/ Supplier:**

LITOKOL S.r.l.

Via G.Falcone, 13/1

42048 Rubiera (RE)

Italia

Tel. +39 0522 626391 - Fax. +39 0522 620150

**Further information obtainable from:** LITOKOL S.r.l. - Tel. +39 0522 626391

### 2 Composition/ Information on ingredients

Dangerous health components according to the 67/548/CEE norm and following adjustments or for which there are recognised exposure limits:

- |    |   |            |            |           |           |                |
|----|---|------------|------------|-----------|-----------|----------------|
| 1. | Reaction products: bisfenolo-A-epicloridrina; epoxy resins (Average molecular weight R 700) |            |            |           |           |                |
|    | N. CAS:   | 25068-38-6 | N. EINECS: | 500-033-5 | Index n.: | 603-074-00-8   |
|    | Risk symbol:  |            | Xi, N      | Phrase R: |           | 36/38-43-51/53 |
|    | Concentration:  |            | 12 – 14 %  |           |           |                |
| 2. | estere glicidilico dell'acido neodecanoico  |            |            |           |           |                |

|    | Risk Symbol:  |            | Xi         | Phrase R: |           | 36/37/38       |
|    | Concentration:  |            | 2 – 3 %    |           |           |                |

### 3 Hazard Identification

The product can cause sensitization by skin contact. It is irritating for eyes and skin.

### 4 First-aid Measures

**After Skin Contact:** Take off the contaminate dress; wash immediately with running water for at least 10 minutes.

**After eyes contact:** wash immediately with water for at least 15 minutes and call for a doctor.

**After swallowing:** In case of ingestion move away the injured from the dangerous area; should the injured not be consciousness consult a doctor.

**After Inhalation:** Move the injured in a windy and open area; should the injured not be consciousness consult a doctor.

### 5 Fire-fighting measures

**Recommended extinguishing agents:** Chemical powder, CO<sub>2</sub>, nebulised water..

**Forbidden Extinguishing agents :** none .to check in function of the stored products in the nearby.

**Combustion Risks :** do not breathe fumes. Presence of product of thermal decomposition: carbon monoxide.

**Protective equipments:** Wear suitable fire protection equipment.

## Safety Data Sheet According to 91/155 EEC

Printing date: : 07.11.2007

Reviewed on : 12.02.2008

### 6 Accidental release measures

- **Person-related safety precaution:** wear suitable protective dress for skin, eyes and breathing apparatus.
- **Measures for environmental protection:** keep away from superficial water and/or drainage. In case of container break, try to wipe by absorbent means and avoid the environmental dispersion.

### 7 Handling and Storage

**Information for safe handling:** Avoid contact with skin, eyes; use suitable protective cloths and glasses.

**Storage conditions:** the product must be stored in ventilated rooms.

**Storerooms indications :** the product must be stored in fresh and ventilated rooms.

### 8 Exposure controls/ personal protection

**Precautions:** Use the product in a well airing room or area .

**Advisable materials:** protective gloves, glasses and skin protective cloths.

**Exposure limits at the substances:** *N.D.*

### 9 Physical nad Chemical properties

**Form:** liquid

**Colour:** Yellowish

**Smell:** Slightly aromatic

	Value	Unit of measurement	Method
Boiling point:	> 200	°C	
Self-inflammability:	> 150	°C	
Viscosità 25°C	600-900	mPa*s	Brookfield
Specific weight / 20°C:	1,14	Kg/l	
Comburent properties:	N.D.		-
Explosive properties :	N.D.		-
Solubility in water at 20°C	Insoluble in water		
Density compared to air	N.D.		
Evaporation velocità:	N.D.		

### 10 Stability and reactivity

**Stability:** prepared stable for use in normal condition.

**Condition to be avoided:** agent highly oxidizing; sodium hydroxide.

### 11 Toxicological information

DL 50 (oral ratto):	> 2000 mg/kg
CL 50 (inhalation. ratto):	N.D.
DL 50 (skin ratto):	> 2000 mg/Kg

### 12 Ecological information

Use the product accordino to the instruction supplied in the technical sheet; avoid to dispose the product in the environment.

### 13 Disposal considerarions

The disposal of the product must be effected in accordance to the DLgs 22/97 following the national and local dispositions.

## Safety Data Sheet According to 91/155 EEC

Printing date: : 07.11.2007

### 14 Transport information

Land transport	(RID-ADR)	:	N.A.	Maritime	(IMO)	:	N.A.
				transport			
Air transport	(ICAO/IATA)	:	N.A.				

### 15 Regulatory information

**· Classification according to the CEE rules :**

Symbols: Xi

Phrase R: 36/38 - Irritating to eyes and skin.  
 43 - May cause sensitisation by skin contact.  
 52/53 - Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment

Phrase S: S37/39 - Wear suitable gloves and glasses to protect eyes and skin  
 S24 - Avoid contact with skin  
 S 26 – In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
 S 28 - In case of contact with skins, rinse immediately with plenty of water with appropriate products mentioned directly by the manufacturer.

**· Further limitations and prohibitive decrees:**

The information reported in this safety data sheet is in accordance with the regulations 1967/548/EC, 1991/155/EC, 1999/45/EC ,2001/59/EC , the law decree 65/2003,DM 07/09/02 and the norms about the classification, packaging and labelling of the dangerous substances. Anyway it is advisable to check and follow the specific national, regional and local regulations in the matter of dangerous activities and environmental protection.

DM 12/08/98 e succ. – Restrictions on the introduction on the market and on the use of particular dangerous substances.

DLgs 52/97 e succ. – Classification, packaging and labelling of the dangerous substances

DM 28/04/97 e succ. – List of the dangerous substances

DLgs 626/94 – Health and safety on the workplaces

Dlgs 626/94 Titolo VII - "Protection from carcinogenic and mutagenic agents"

DLgs 25/02 – Exposure to chemical agents.

DPR 547/55 – Regulations for the prevention of accidents on the job

DPR 303/56 – General regulations for the industrial health

DLgs 334/99 – Activities at risk of considerable accidents

DLgs 152/99 – Water protection

DPR 203/88 – Emission in the atmosphere

DLgs 22/97 – Regulations on the waste, packaging and packaging waste
